

Harvard Series 210

The popularity of the Harvard Series 210 grouping inspired further expansion. Our search for the perfect writing surface ended with a desk pad material that provides just the right amount of "give" for smooth and comfortable writing-smartly trimmed with the same careful hand-rubbed finish that gives all our office accessories their exceptional quality. Tissue Box covers offer continuity to the desk top style of the series. Our desk valet is the logical choice for organizing desktop surfaces - keeping scissors, erasers and rubber bands within easy reach. To put the distinction of quality into every work area, the same clean design is echoed in our business card holder, pencil tray and paper clip holder.
